

CHOU HEARS BREZHNEV APPEAL

Soviet Head Calls For Red Summit

MOSCOW (UPI)—Soviet leader Leonid I. Brezhnev today called for a world Communist conference.

Brezhnev, who succeeded the ousted Nikita Khrushchev as

first secretary of the Soviet Communist party, made his appeal in a speech marking the 47th anniversary of the Bolshevik Revolution.

Among the 6,000 persons lis-

tening to him in the Kremlin's Palace of Congresses was Red China's Premier Chou En-lai, who sat on the speakers' platform.

The bid for a unity confer-

ence was an obvious bid to victory of President Lyndon Johnson over Sen. Barry Goldwater in Tuesday's U.S. elections.

Brezhnev also praised the

"The American elections recently showed a majority of

Americans cherish peace and are tired of the cold war," said Brezhnev. "The death of the American ultras is a good lesson for all supporters of adventurism."

Chou's presence in Moscow would have been unthinkable a month ago. But since then Khrushchev has been fired. Chou and the new Soviet leaders want to test each other's

mettle.

Chinese Foreign Minister Chen Yi remarked in Algiers Thursday that Khrushchev's downfall has opened up "new possibilities for the improvement of relations between Moscow and Peking."

The Chinese have indicated they would like to solidify the world Communist front against "U.S. imperialism."

But the new Soviet leaders, party First Secretary Leonid Brezhnev and Premier Alexei Kosygin, have made it clear they will continue to support peaceful coexistence and the international treaty which prohibits testing of nuclear weapons above ground. Both ideas are poison to Peking.

Today, the Communist New China News Agency broadcast anniversary greetings to the Soviet Union. The greetings were signed by Chairman Mao Tse-tung, President Liu Shao-chi and Chou.

The cordial tone was new but the content was unchanged: Peking is maintaining its hard line against the West and wants Moscow to get in step.

Moscow is unlikely to. Shortly before Chou arrived Thursday, the Soviet Communist party newspaper Pravda urged "unending struggle against symptoms and vestiges of any sort of nationalism and chauvinism," a favorite Soviet way of describing Peking's ambitions.

Nixon, Rocky In Verbal Battle

Republicans Hold Family Argument

WASHINGTON (UPI)—The GOP found itself in a chair-throwing family fight today over the blame for Tuesday's election disaster and ways to rebuild or remodel the Republican party.

Former Vice President Richard M. Nixon asked for a cooling-off period while he threw crockery at New York Gov. Nelson A. Rockefeller. And while praising Sen. Barry M. Goldwater, he said the defeated presidential nominee should try to lead the party only if the Arizona senators views represent a consensus of Republican thinking.

Rockefeller called Nixon "peevish" and said the Goldwater candidacy had divided the party and carried hundreds of Republicans down to defeat.

Speaking more gently, former President Dwight D. Eisenhower said the GOP had been hurt but not wrecked. He said the GOP must rid itself of the "false image" that it was the

party "for the rich and privileged."

Broad Views

Eisenhower said the next Republican presidential candidate "must represent a broad spectrum of political thinking" but he suggested no names.

Gov. William W. Scranton of Pennsylvania also spoke of the GOP image and said it must be

changed to show that it is not an exclusive organization. He thought various groups of party leaders should meet and discuss what course the party should take.

These and other comments came from Republican leaders after Goldwater's statement Wednesday that he had no intention of withdrawing from politics or pulling out of his fight for conservatism.

In their search for a scapegoat, GOP critics of the Goldwater campaign were asking for the retirement of Goldwater's party chairman, Dean Burch, and John Grenier, executive director in national headquarters.

One well-informed Republican source said the clamor for Burch's scalp was coming from the grass roots, from GOP state legislators and members of Congress in normally safe districts who were buried in the Democratic landslide this week.

Names Thrown Out

Many names were being advanced for the party chairmanship, including Nixon. Gov. Henry Bellmon of Oklahoma suggested Nixon, several governors and Ray C. Bliss, Ohio party chairman who has refused the job many times.

Gov. Robert E. Smylie of Idaho nominated Gov. John Anderson of Kansas.

Two other Republicans reported under discussion were Rep. Robert Taft Jr., who lost a cliff-hanger contest for an Ohio Senate seat, and former Rep. Walter Judd of Minnesota.

Republican party rules provide no machinery for ousting Burch but he would be in a hopeless position if the GOP National Committee should approve a motion of "no confidence" in him at its next meeting.

Strikers huddle around barrel burning wood to keep warm in this morning's chilly air at the Rohm & Haas plant in Bristol Township, while pickets keep up a brisk pace. Although seemingly appropriate,

the sign at left is a township street sign at the exit of a one-way street and has nothing to do with the strike. (UPI Telephoto)

Meeting Scheduled Sunday

By SCOOP LEWIS
Courier-Times Staff Writer

Negotiations in the nine-day old strike at the Rohm & Haas chemical and plastics plant in Bristol Township will resume Sunday morning.

Both management and union officials, after a two-and-a-half-hour meeting in the Bristol Motel, today agreed to resume contract negotiations at 10 a.m. Sunday.

Negotiation talks in Atlantic City broke down on Oct. 29 when warehouse workers first went out on strike. The next day,

1,460 production workers at the plant went out on strike for increased hourly pay and an 18-month contract.

Representatives of Local 88, United Glass and Ceramic Workers of North America, AFL-CIO, also agreed to limit and control picketing at the plant and to do everything in their power to preserve law and order.

Rohm & Haas officials agreed to keep at a minimum any movements of materials in or out of the plant.

A tractor-trailer, leaving the warehouse loaded with ma-

terials last night, sparked a disturbance which resulted in a Bristol Township detective being injured and three pickets arrested.

Today's meeting was held at the request of James N. Kline, president of the Bristol Township Board of Commissioners, and Commissioner Joseph Bellerby.

Active Role

In a statement released at 1:30 p.m., Kline and Bellerby said "this is the first time the board of commissioners has taken an active role in settling a labor-management situation."

"We certainly are interested in a satisfactory resolution of this matter for the benefit of all involved which includes Bristol Township."

The commissioners said that all parties concerned expressed deep concern over the outbreak of violence last evening.

"We are hopeful the negotiations will be successful," Kline declared. "We are further hopeful that it will not be necessary to use police to maintain law and order."

In addition to Kline and Bellerby, others attending the meeting included Township Manager Ronald Z. Zweig, State Assemblyman Alan Williams Jr. and James J. A. Gallagher, W. B. McClure, Rohm & Haas plant manager; Robert Landon, Rohm & Haas manager of industrial relations; Karl Keyser, assistant plant manager; Jesse Daugherty, president of District 5, United Glass and Ceramic Workers of North America; Victor Notarfrancesco, Local 88 president; Neil Bradley and William Christiansen, Local 88 vice presidents; and William Zimmerman, international wage committee chairman for the union.

Township officials first met with union and company officials last night in the township building, after which they requested State Police assistance from Gov. William W. Scranton, said.

LBJ Delays Trip Plans

JOHNSON CITY, Tex. (UPI)—The White House said today there are no plans for a pre-inauguration trip to Europe by either President Johnson or Vice President-elect Hubert H. Humphrey.

Knocking down speculation that either or both of them might make such a visit in an effort to help firm up the Atlantic Alliance, acting press secretary Malcolm Kilduff told reporters: "No travel by the President or vice president is presently contemplated or even in the offing."

Johnson was reported on the best authority a couple of months ago as being desirous of making a flight to Paris in November or December, if elected, to confer with leaders of the 15-nation North Atlantic Treaty Organization (NATO).

Wilson Asks

D.C. Meeting

LONDON (UPI)—Prime Minister Harold Wilson has written to President Johnson to arrange a personal meeting in Washington in January, government sources said today.

The summit meeting has been approved in principle by the two western leaders.

The date of the conference and its scope are being arranged in direct correspondence between 10 Downing Street and the White House, the sources said.

UAW Strikes Ford Plants

DETROIT (UPI)—The United Auto Workers Union called crippling local strikes at nine Ford Motor Co. plants around the country today. More than 26,000 workers were involved in the walkouts that began at 10 a.m. EST.

The walkouts occurred despite a national agreement between the company and union nearly a month ago. Plants involved were located at Sterling Township (Detroit), Ypsilanti and Wayne, Mich.; Sheffield, Ala.; St. Louis; Chicago Heights; Louisville; Dallas and Buffalo, N.Y.

Shortly before the strike deadline, the UAW came to agreement at a key stamping plant at Bedford, Ohio. But stamping plants at Chicago Heights and Buffalo were the key operations and the shutdown of either of them would eventually have a drastic effect on Ford's production capabilities.

A Ford spokesman said the Cleveland engine unit would be allowed to work without a contract.

Ken Bannon, UAW Ford Department head, said: "There are nine plants with unresolved issues. I assume they are now walking out."

Ford and the UAW reached agreement on a national contract Sept. 18, and have been meeting on local negotiations ever since.

After Disturbance

Peaceful Picketing Resumes

Normal, peaceful picketing resumed today at the strike-bound Rohm & Haas chemical and plastics plant under the watchful eyes of augmented Bristol Township and State Police.

Fourteen steel-helmeted state troopers were sent to the Bristol Township plant early this morning by Gov. William W. Scranton following last night's violence in which a detective was injured and three pickets arrested.

In addition to the state police, 26 Bristol Township police officers and detectives and Bucks County Sheriff Harold Dando and two deputies are policing the plant where 1,460 production workers are in the ninth day of their strike.

The workers are striking for increased hourly pay and an 18-month contract. Negotiations have been broken down since warehouse workers walked out on Oct. 29.

Bristol Township Detective Edward Ward was cut on the forehead last night when hit by a rock allegedly thrown by a picket during a disturbance in front of the warehouse on State Road.

This morning there were only 11 pickets at the main gate and nine at the other entrance on Otter St. Fifteen pickets were at each of the two warehouse gates and another half-dozen in front of the plastics engineering laboratory on Route 413. About 50 other workers stood by in front of the Bucks County Rescue Squad building, about 30 yards across the street from the main gate.

At 10:15 a.m., police stood by as an air reduction truck entered the plant. It left 45 minutes later without incident.

Last night's violence broke out at 5:10 p.m. as pickets attempted to keep a tractor-trailer from leaving the strikebound warehouse.

14 Stitches

Ward was hospitalized with a deep gash on his forehead which required 14 stitches to close. His condition today in Lower Bucks County Hospital is reported as "satisfactory."

The three men arrested were identified as Edward Bergmann, 43, of 274 Main St., Tullytown; John F. Peters, 49, of 973 Dixon Ave., Croydon, and Eugene Farber, 51, of 5 Green Lane, Bristol.

They were arraigned late last night before Justice of the Peace Rene J. Tritschler, Croydon, and released in the custody of Local

Struwe Will Leave As L. Makefield Mgr.

By BEN McELVEEN
Courier-Times Staff Writer

William H. Struwe, Lower Makefield Township Manager, has turned in his letter of resignation effective Dec. 28, it was revealed today.

Struwe of 16 Turf Road, Twin Oaks, Levittown, has accepted a similar post in Moorestown, N.J. His letter of resignation will be formally accepted at a special meeting of the Lower Makefield Board of Supervisors on Monday.

Supervisor Bill Mackensen said today the township plans to advertise for a new manager, who is professionally trained for the job, and will replace Struwe

Pennsbury Sets Joint Meeting

"Problems and Programs in a Crowded Building" will be discussed by W. Donald Henry, principal of Pennsbury High School, Lower Makefield, at Monday's regular meeting of the Pennsbury Joint School Board.

Henry's talk will be the second presentation in the newly-instituted series of educational presentations given at the beginning of joint board meetings.

The meeting will begin at 8 p.m. in the Charles H. Boehm High School, Lower Makefield.

Next month's topic will be the English curriculum. Prior to Monday's joint board session, the individual component boards will meet at 7:30 in the same building.

Schweitzer PTA Meets Tuesday

The Albert Schweitzer Elementary School PTA will meet in the cafeteria of the school on Tuesday at 8:15 p.m.

The topic under discussion will be the Bucks County Community College. Dr. E. Robert Werner, Middletown Township School Board member and chairman of the Community College committee of the Neshaminy Joint School Board, will deliver a talk and answer questions from the audience after his discussion.

The PTA urges all interested taxpayers and parents to attend since the organization feels everyone in the area will be affected. Refreshments will be served.

Hulmeville And Penndel Vote For LBJ

Vermont was not the only traditionally Republican area that changed its mind in the Presidential election.

Hulmeville Borough, for example, voted for President Johnson by a 594-391 majority. One of the committeemen there said he could not remember the last time Hulmeville voted for a Democratic Presidential candidate, "and I'm 68."

Penndel Borough, which gave 425 votes apiece to Kennedy and Nixon, gave Johnson a 594-391 majority.

With GOP

Langhorne Borough and Langhorne Manor Borough did stick with the Republican candidate, but not by a lot.

Senator Goldwater won Langhorne Borough 303-300, and won Langhorne Manor 210-204.

Hugh Scott, the Republican candidate for the U.S. Senate, did better than Goldwater. The four boroughs gave Scott 1,401 votes, while his Democratic opponent, Genevieve Blatt, won

966 votes. The total for the Presidential election in the four boroughs was 1,348 for the President and 1,010 for his Republican challenger.

POMEROY DAYS SALE

**we guarantee
sale merchandise
will be at the lowest prices
of the fall season!**

Saturday... Last day!

10 a.m.—while they last!

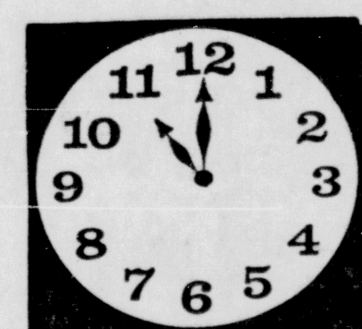

**ladies' flannel p.j.'s
regularly 1.99-2.29**

1.44

Choose from man-tailored and fancy trimmed pajamas in toasty warm flannels. You'll find lovely prints and floral patterns too. In sizes 32 to 40.

Pomeroy's Sleepwear — First Floor

11 a.m.—while they last!

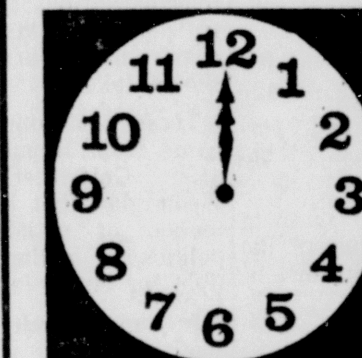

**"Gaylord the Pup"
by Ideal — reg. 11.19**

4.99

You've seen him on TV. He climbs shallow steps, walks up hill. His movements are controlled by leash, catches bone in his mouth, and he's battery operated.

Pomeroy's Toyland — Lower Level

12 noon—while they last!

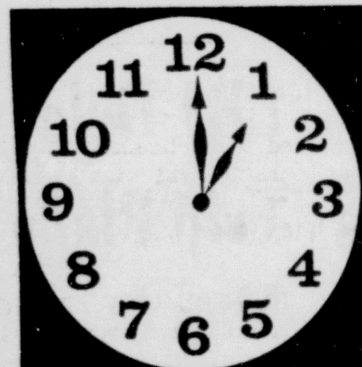

**christmas candles
special purchase—5 styles**

25¢ pr.

12" tapers with glitter in red or green. 12" spiral w/gold foil trim in red, green and white. 8" spiral in red-green or white. 10" and 12" spiral in red, green or white. Pomeroy's Stationery — First Floor

1 p.m.—while they last!

**ladies' corduroy slacks
regularly 2.99**

1.39

Washable corduroys in assorted fall colors. Side zip. Slim, tapered leg styling. In sizes 8 to 18.

Pomeroy's Sportswear — First Floor

2 p.m.—while they last!

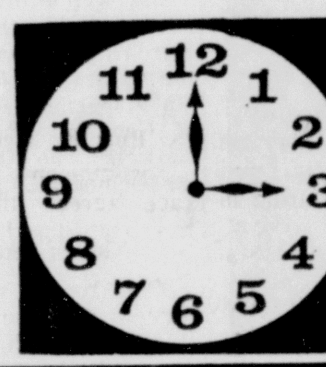

**Kleenex facial tissue
regularly 27¢ per box**

15¢ box

Specially for Pomeroy's Days . . . soft, wonderful Kleenex tissue in boxes of 400's. Limited 6 boxes per customer.

Pomeroy's Toiletries — First Floor

3 p.m.—while they last!

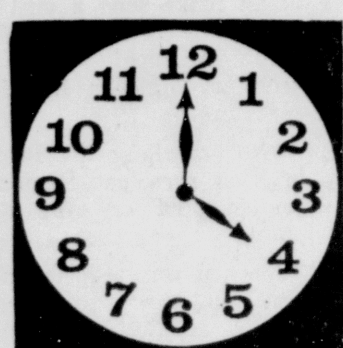

**girls' nylon tights
run-proof — all stretch**

1.00

Long wearing nylon yarn that stretches to fit snugly. Run proof, sport tights. In sizes for girls 4-6x and 7 to 14.

Pomeroy's Girls World — First Floor

4 p.m.—while they last!

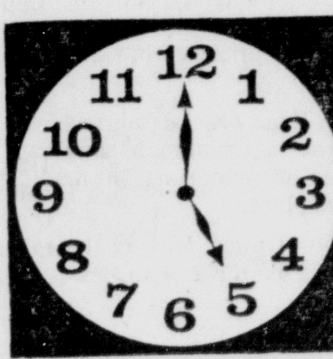

**Oneida stainless steel
flatware set**

5.99

Reg. 9.95. 24 piece service for 6 in a gift box. Includes 6 each of knives, forks, teaspoons and soup spoons. In your choice of 2 patterns "Plantation" or "Sand Dune".

Pomeroy's Housewares — Second Floor

5 p.m.—while they last!

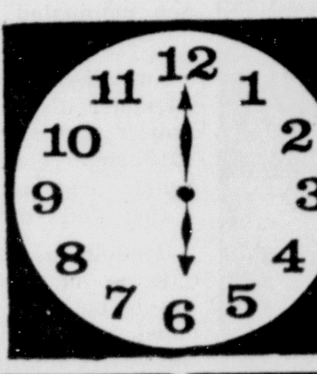

**Heirloom spreads
5.98 to 7.98 values**

3.00

In twin and full sizes. Lovely Heirloom spreads add charm to the decor of your bedrooms. Slight irregulars.

Pomeroy's Domestics — Second Floor

6 p.m.—while they last

**men's hosiery
regularly \$1 to 1.50**

21¢

You'll find a wide assortment of cotton fancies, crews, solids and fancies in stretch hose.

Pomeroy's Men's Shop — First Floor

THESE SUPER-BUYS ON SALE SATURDAY FROM 7 P.M. TO 10 P.M.

**men's jackets
reg. 16.95-\$25**

12.99

Nationally famous ski or twill klikker jackets. Reversibles, quilt lined, pile lined. All sizes . . . hurry just 24.

Menswear — First Floor

**3-pc salad set
regularly 2.98**

1.69

Petal salad sets with large scalloped bowl in crystal clear or olive with matching plastic fork and spoon.

Gifts — Second Floor

**Remington Shaver
model #25**

16.88*

Man sized cutter head. With instant adjustment. Roller comb comfort. Cushion grips.

Toiletries — First Floor

**handwarmers
specially priced**

99¢

Jumbo sized handwarmers for use while hunting, fishing, being outdoors during cold weather. Chrome finish, cloth case.

Sporting Goods — Lower Level

**transistor radio
AM/FM - w/case**

24.33

Ten transistor radio with 3 diodes, 1 thermistor. 3" pm speaker. Black cowhide leather case. Ear phones, four batteries.

TV & Radios — Lower Level

**floral tray tables
famous Dennis
Mitchell**

44¢

Really great savings on king-sized floral tray tables. With brass tone legs. Fold easily for moving and storage.

Housewares — Second Floor

**butcher linen
cloths**

2.98 - 3.98 - 4.98

Beautiful butcher linen tablecloths in 52x52", 52x70", 60x80" and 60x108". Decorator colors too.

Domestics — Second Floor

**Royal Astronaut
typewriter**

52.99

inc. fct

Full sized portable with keyboard tabulator. 5-yr. parts warranty. Carrying case, 2 color ribbon. In pica or elite type. Full sized keyboard.

Stationery — First Floor

**self stacking
shoe boxes**

3 for 2.19

12 1/2 x 6 3/4 x 3 3/4 storage boxes for shoes and accessories. Keep your closets neat. Protects shoes from dust.

Notions — First Floor

**self stacking
lingerie boxes**

1.79 each

Matching self stacking lingerie and blouse boxes. Protects as well as keep your clothes neat, drawers organized.

Notions — First Floor

**ladies' stretch
slacks reg. 12.98**

3.99

Silk blend stretch slacks from a famous maker. Assorted colors. First quality. Sizes. 10-16

Sportswear — First Floor

**ladies' sweater
shells reg. 10.98**

2.99

Pure wool sweater shells. White with navy trim. First quality. From a top maker. Sizes 34 to 40.

Sportswear — First Floor

**ladies' dresses
reg. 11.98-14.98**

\$5

Casual and semi-dressy styles. For misses and half sizes. In a good assortment of styles and colors, all new fall fashions.

Dress World — First Floor

**children's corduroy
longies reg. 1.98**

\$1

Boys' and girls' solid and print corduroy. Toddler 2-4 with boxer waist, suspenders. Tots 3-7 with full boxer waist.

Delaware River Seen As Future Water Supply Source

Bucks County officials are looking to the Delaware River as a source of future water supply for the Southwest Region. Lower Southampton and Middletown townships.

This was revealed yesterday by Nathan Putschat, executive director of the county Sewer and Water Authority.

Putschat said Bucks' booming

population will someday exhaust the water supply provided by Neshaminy Creek and the Philadelphia Suburban Water Co.

Pump Water Overland

One solution to the problem, he said, might be to pump water from the Delaware overland to Core Creek, a branch of the Neshaminy near Newtown, where a reservoir is to be constructed.

The water would come from the river above Yardley, Putschat said, and would be free from the effluent from industries and sewage plants.

Authorities have estimated the Neshaminy will be able to provide the area with water until 1987.

The water resource plan calls for the construction of six large

dams in the Neshaminy Valley portion of Bucks County.

Federal Survey

The dam will be used for water supply and recreational purposes as well as flood control. Ten smaller dams for flood control only would be built in Bucks and Montgomery counties.

The results of a survey conducted by the U. S. Department of Agriculture and the State Department of Forests and Waters will be released this winter. When developed, the watershed could produce some 50 million gallons of water daily. The Delaware River would provide additional supply when needed in the future.

The cost of the project will

be shared by the federal government, state, and local municipalities.

Asks Tighter Controls

Putschat also urged that tighter controls be enforced where housing is planned without a public sewage disposal system.

"How soon will we have the courage to say to a subdivider, 'You can't develop inter-

lic sewers?" Putschat asked.

"The factors relating to water sewerage and storm drainage are just as important as traffic and other considerations in weighing the merits of a subdivision plan," Putschat said.

Putschat recommended interim package treatment plants be required where it is not economically feasible to build interceptors.

lic sewers?" Putschat asked.

"The factors relating to water sewerage and storm drainage are just as important as traffic and other considerations in weighing the merits of a subdivision plan," Putschat said.

Putschat recommended interim package treatment plants be required where it is not economically feasible to build interceptors.

Official Count Starts Today

Scott Lead Grows To 53,020, Blatt In 'Another Long Wait'

PHILADELPHIA (UPI)—An official count was scheduled to begin today in the Pennsylvania U. S. Senate race where Republican incumbent Hugh Scott leads Democrat Genevieve Blatt by 53,020 votes in unofficial returns.

The Network Election Service reported that with all but two of the state's 9,286 precincts tabulated, Scott pulled 2,349,382 votes to Miss Blatt's 2,296,362. Tallying of an estimated 125,000

absentee ballots was to begin next Friday.

Scott, a Philadelphian who has served 22 years in Washington, postponed a planned vacation trip to Hawaii and Tahiti but said he was "not worried." He explained he was merely doing "what a careful man would do under the circumstances."

The senator's approach was evident by the fact he claimed victory Wednesday at a time when the unofficial tally had

him ahead by 25,000 votes. A retabulation boosted his margin to 53,020 Thursday.

Not Conceding

The 60-year-old Miss Blatt, aiming to become the state's first woman U. S. senator, regarded the situation as "much too early for me to concede or for my opponent to claim victory."

Miss Blatt, involved in two cliff-hanger races since 1962, said at a news conference Harrisburg she was "sorry" to subject her friends to "another long wait."

She won the U. S. Senate nomination from state Superior Court Justice Michael A. Musmanno in the primary by 491 votes. She gained her state internal affairs secretary post with a close decision over Mrs. Audrey Kelly, a Republican, two years ago.

Her position against Scott, however, differs from the two previous races. In those she held an early edge in the unofficial count.

Scott has hired attorney Mortimer Witkin to look after his interests on the official count and the absentee ballots.

The senator said his principal concern was to "make sure that, having received a majority of the votes, we must now protect the election results and assure a fair count" of all the ballots.

Hurt By Ticket-Splitting

Post-mortems on the Senate race agreed that widespread ticket-splitting hurt Miss Blatt. President Johnson swept the state over Barry Goldwater by nearly 1.4 million votes and Miss Blatt trailed other statewide candidates in Philadelphia.

But there was no clear answer to the motive behind the ticket-splitting.

Members of Miss Blatt's staff and close campaign workers felt she was "scuttled" in Philadelphia by former Gov. David L. Lawrence and in Philadelphia by Democratic Chairman Francis Smith.

The feeling in some quarters was that Sen. Joseph S. Clark, who backed Miss Blatt in the primary against organization choice Musmanno, sought to capture control of the state party.

Allegheny County Commissioner John McGraw thought remarks made by Clark in the primary campaign angered voters of Italian descent and "unquestionably hurt" Miss Blatt.

He referred to questions in which Clark asked whether Musmanno had ever dropped the "o" from his name, where he was born and how old he was.

Warner Asks New Trial

Jack J. Warner, convicted a week ago in Bucks County Court for conspiracy and receiving stolen goods, has appealed for a new trial.

His appeal states that the jury verdict was against the weight of the evidence in the trial which resulted in his being convicted for conspiring in the \$113,739 embezzlement from the Chelsea Title and Abstract Co.

Warner's first trial in June ended in a hung jury.

Warner's lawyer, Robert Yaroshuk, contends that Judge John P. Fullam refused to allow a witness, attorney Jonathan Dunn, to testify regarding the length of time Warner was interrogated by former district attorney Paul R. Beckett.

Yaroshuk also maintains that the judge should have sustained his objection to District Attorney William Carlin's "table-pounding" and his "badgering" the defendant.

Yaroshuk also contends that the judge should have allowed him to confront Commonwealth witness John J. Byers with "inconsistent statements" he made under oath.

Byers, former title officer at Chelsea's Doylestown office, pleaded no defense to embezzlement charges last April. He was the state's principal witness against Warner. Byers is free on bail awaiting sentencing.

Parents from Walt Disney Elementary School, Tullytown, admire a painting of Eleanor Roosevelt which took them a recent tour of Pennsylvania schools which took them to the office of the Eleanor Roosevelt School, Falls Township. They are (from left) Nicholas Eberle, Tullytown mayor; Mrs. Pamela Guy, Mrs. Joan Anders, Tullytown PTA president; Mrs. Shirley Willis, Myrtle Hill, Mrs. Lois Arzt, Tullytown school director; Mrs. Ellen Overing, and William Conca, solicitor for the Tullytown Borough School Building Authority.

Charged In Death Of 2 Women

Driver In Crash Held For Grand Jury

A Newtown motorist, charged last night for the Grand Jury with involuntary manslaughter, is in the auto accident death Oct. 7 of a 44-year-old woman and her 68-year-old mother, was held

at a hearing before Newtown Justice of the Peace E. Fisher, 19, of 25 Sterling St. was released in \$1,000 bail to await Grand Jury action.

The accident occurred at 10:55 o'clock the night of Oct. 7 on the Newtown - Washington Road (Route 532) when Fisher's car and a car driven by Mrs. Flora Mae Hoffman of Washington Crossing collided.

Mrs. Hoffman and her mother, Mrs. Ivie Ault, were both killed. The two were returning home after visiting friends in Newtown, just three days before Mrs. Hoffman's only daughter, April was to be married.

Fisher sustained lacerations of the left eye and left side of his chin.

At the hearing last night, JP. Shall said she had found sufficient evidence to hold Fisher for the Grand Jury.

Miss Shall also had words of praise for investigating police.

Shotgun Victim 'Satisfactory'

William Deegan, 18, who accidentally shot himself in the right arm Wednesday, was reported in satisfactory condition today after a two-hour operation yesterday.

Lower Bucks County Hospital authorities said doctors do not know if Deegan will regain the use of his right hand. The arm has been injured in a cast.

Deegan was placed by a 12-gauge shotgun which fired while he was riding a soy bean combine, a farm machine which is pulled by tractor. Middletown township police said the Fairless Hills was holding the gun to cushion it from the vibrations of the machine. Deegan was looking for pheasants when the shotgun discharged.

Albert White of Levittown, who was driving the tractor, wrapped the wound in his handkerchief and took Deegan to the hospital.

The safety mechanism of the shotgun was not on at the time of the shooting, police said.

New Driver License System Set For Pa.

HARRISBURG (UPI)—The state Revenue Department will mail almost 6 million driver license applications in the next few days to inaugurate a new system which will have the permits expire in the month of the holder's birthday.

The renewals this time will vary for a period of from one to two years and the fee the driver will pay will range between \$2 and \$4 depending on when his license expires.

An example is the driver born in January who will pay a fee of \$2 and will renew his license in January, 1966. Drivers born in February, March or April will pay a fee of \$2.50 and will renew their licenses in the month of their birth in 1966. The fee for those born in August, September and October, \$3.50 and for

those born in November or December, \$4.

In the future all licenses will come up for renewal on the last day of the month in which the operator was born.

The new system is being installed in the department's new electronic data processing system.

4th Missile AF Launches

VANDENBERG AFB, Calif. (UPI)—The Air Force Thursday launched its fourth Minuteman intercontinental ballistic missile in as many days on a successful 5,000-mile trip down the Pacific missile range.

It was the 71st Minuteman launched from this base,

Burglar Gets Guns, Shells

Bristol Township police are hunting for a hunter-type thief who broke into two neighborhood homes in West Bristol yesterday and took two guns and ammunition.

The burglaries took place between 2:45 and 3:45 p.m. at the home of Mrs. Frances Smith, 1706 Prospect Ave. She reported a 16-gauge bolt-action shotgun and 20 shells were taken from a closet in her son's bedroom.

Between 4:50 and 5:50 p.m., the burglar went a block away from the Smith residence and broke into the home of Mrs. Anita Hall, 1750 Maple Ave. Here, he took a .22-caliber automatic rifle from a gun rack in the living room.

In both burglaries, Lt. Thomas Stewart reported, entry was gained through a cellar window.

Three Injured In Collision

Three Fairless Hills men were injured yesterday when their car was struck by a truck at Trenton Road and Olds Blvd., Fairless Hills.

Treated and released at Lower Bucks Hospital were Donald R. Conner, 48, of 101 Libby Lane, driver of the car, chest injuries; Robert Secor, 37, of 237 Cardiff Road, back and leg injuries; and James McLaughlin, 43, of 107 Libby Lane, lacerations of the left elbow.

The truck driver was William Golden III, 22, of 224 Dickerson St., Trenton. He was charged with going through a red light, police reported.

The accident occurred at 3 p.m.

Salesman Finds Bodies In Car

CLIFTON, N.J. (UPI)—An automobile salesman today found the bodies of his wife and three children in the family automobile which had been rigged as a carbon monoxide death trap.

Police said it was a triple murder and suicide engineered by the mother.

The victims were Mrs. Lucia Simerlein, 41, and children Paul, 11; Carl, 4; and Joan, 23 months. Their bodies were found by Mrs. Simerlein's husband, Charles 38, when he returned from work.

Clifton Police Chief Joseph Nee said Mrs. Simerlein apparently killed the children and herself.

Tech School Awaits Aid On Addition

The Bucks County Technical School Building Authority deferred awarding construction contracts last night for its \$1,850,000 addition so as not to lose out on possible federal aid.

Under the federal Vocational Educational Act — Act 210 — supplemental funds are available to states for the construction and operation of area technical schools. In order to be eligible, a state must submit a plan indicating how funds will be dispensed.

Contracts awarded by a technical school before the federal government approves the plan are not eligible for reimbursement. Since Pennsylvania's plans have not yet been submitted, the authority last night voted not to award contracts.

The state board of education is expected to review the state's plans next Friday, then immediately submit them to Washington for approval. The authority indicated last night it would probably award the contracts Nov. 16 or 17.

State and federal assistance could supply up to three-quarters of the capital for the new addition.

Authority members expressed hope the delay would not imperil the slated September 1965 opening of the expanded building. The new facilities will more than double the present size of the school, located on Levittown and Wistar roads, Levittown but members stated it was more important to obtain funds than to open on schedule.

The authority last night awarded the bonding contract for \$1,850,000 to Butcher & Scherero to be financed through the Girard Trust Corn Exchange Bank. Settlement date is Dec. 16, 1964.

Man Injured In Collision

A Philadelphia man was treated for lacerations of the mouth at Lower Bucks County Hospital yesterday after his car struck the rear of a truck on Route 413 at Alexander's Service Station.

Bristol Township police said the car, driven by George Fletcher, 43, of 4767 Oakmont St., crashed into the rear of a truck driven by William Croydon, 26, of 909 Stephens Ave., Troydon. The truck is owned by Cattani Beverages Inc. of Bristol. Fletcher was not hurt.

Fletcher was brought to the hospital by the Bucks County Rescue Squad.

Bristol Township police reported that a car driven by Harry Newell, 18, of 23 Inland Road, Indian Creek, Levittown, struck a retaining wall at the U.S. Post Office on Newportville Road at Five Points.

Police said Newell told them his brakes failed.

Newell was treated at Lower Bucks County Hospital for lacerations of the head and released. He was brought to the hospital by his father.

Weather

FAIR TOMORROW

LOCAL FORECAST: Thunder-showers last night gave way to partly cloudy and cool breezy weather today with a high expected in the 50s. Tonight will be fair with an overnight low about 40. Tomorrow should be fair with a high in the 60s and a chance of brief showers at night, followed by fair and cool weather Sunday. Precipitation yesterday amounted to 0.12 inches.

High yesterday: 61
Low yesterday: 40
Low this morning: 41

Sunset tonight: 4:51 p.m.
Sunrise tomorrow: 6:35 a.m.
Sunset tomorrow: 4:50 p.m.

Tomorrow's Tides
At Bristol*

High 4:55 a.m. Low 11:55 a.m.
High 5:13 p.m. Low —

By Sandy Oppenheimer

"No Time For Sergeants" doesn't hold true in Bristol Township. In fact, the township is looking for sergeants.

Township Manager Ronald Zweig reports promotional examinations for police sergeants will be given soon to patrolmen desiring to "climb up the ladder." The township is in need of three sergeants in its gradual expansion program.

Morrisville Rotarians were treated to an unexpected main course at their dinner meeting last night. They dined on an Elk.

A spokesman explained that generally they are served chicken or roast beef or pot roast at Pennsboro Inn. Occasionally they have a buffet.

But last night the Rotarians were served portions of a 40-lb. slice of elk. It came from a 700 lb. cow elk which was recently shot out West.

Edward T. Balderston, owner of the Penn Manor Club, recently went on a hunting expedition to Wyoming and

Montana, with several others.

They were John Melvin, Falls justice of the peace; John Leeper, Falls contractor; and Richard Bumgardner, a steel worker from Fairless Hills.

In all, they bagged three elk, one moose, four antelope and a deer between Oct. 11-28. They returned with a ton of meat. Balderston lives at Bordentown and Mill Roads, Falls Township.

Asked how the Rotarians liked the elk, one commented, "It went over big!"

Jim Perkins, personnel director at Lavelle Aircraft in Newtown and an active United Fund worker, was all set to attend the last U.F. report meeting — but mother nature intervened.

A former dog trainer and owner of a school for dogs, Perkins just couldn't abandon his favorite pedigree poodle "Suzette" in her hour of need. He missed the meeting, but helped deliver four little females last night.

Many By Republicans

19% Of LBJ's Vote In Bucks From Twp.

By SCOOP LEWIS
Courier-Times Staff Writer

Nineteen per cent of President Lyndon B. Johnson's 76,619 votes in Bucks County came from Bristol Township and many of them were cast by registered Republicans.

Johnson's biggest single total in the township came from the sixth ward where the President received 1,045 votes to only 207 for Sen. Barry M. Goldwater.

In the ward, there were 363 registered Republicans and 1,124 Democrats.

Ticket-Splitting

One of the most notable ticket-splitting incidents took place in the first ward in Croydon where Johnson won overwhelmingly, 622 to 295 votes. The ward has 583 registered Republicans and 527 Democrats.

The township, on the whole, gave President Johnson 14,427 votes to 5,674 for Sen. Goldwater. The township registration showed 14,966 Democrats and 8,483 Republicans.

Registration Figures

The figures show that only 539 Democrats either didn't go to the polls or didn't vote for Johnson. On the other hand, 2,809 registered Republicans either voted for Johnson or didn't vote.

President Johnson took every one of the township's 25 districts.

Twenty-three of the precincts

were Democratic, based on registration figures.

The two Republican precincts were the first ward and the third ward's first precinct which had 383 registered GOP to 328 registered Democrats. In the third ward precinct, Johnson won, 373 to 207.

A reverse in ticket-splitting took place in the eighth ward, first precinct in Levittown where Sen. Goldwater received more votes than there were registered Republicans.

Goldwater, tallied 284 votes. The registered Democrats totaled 261. However, Johnson landed 856 votes in the precinct with 1,078 registered Democrats.

Seventh Ward

In the seventh ward, third precinct (one of the bellwether precincts), Johnson won with ease, thanks to ticket splits.

Johnson polled 440 votes to Goldwater's 229. The Republicans had 322 registered voters to the Democrats' 425.

In the seventh ward, second precinct, where there were 396 registered Republicans, Goldwater received only 238 votes. Johnson polled 484 votes in the precinct which had only 451 registered Democrats.

The first precinct of the 10th ward in Levittown had 619 registered Democrats and gave President Johnson 620 votes. Sen. Goldwater received only 280 votes where there were 430 registered Republicans.

Pennsbury Guest

Educators To Hear Princeton Professor

Dr. Arthur S. Link, editor of the projected 40-volume Woodrow Wilson Papers and graduate professor of history at Princeton University, will be the guest speaker at a dinner meeting of Pennsbury administrators and social studies teachers.

The meeting, scheduled for Monday at 8 p.m. in the Pennsbury Inn, is expected to draw more than 60 educators. Dr. Link's topic will be, "Major

Problems of Interpretation in the Wilson Era."

First In Series

This program is the first in a series of meetings being planned by the secondary social studies teachers in the Pennsbury Schools.

Monday's meeting was planned and organized by Dr. Bernard Schwartz, curriculum coordinator for social studies in The Pennsbury Schools, and George Lebegern, chairman of the social studies department at Medill Bair High School, Fairless Hills.

They were assisted by James Flowers, chairman of social studies at William Penn Junior High School, Fairless Hills; Mrs. Gloria Steinberg of the Charles H. Boehm School, Lower Makefield, and Richard Knipfel, chairman of social studies at Pennsbury High School, Lower Makefield.

Snyder Sets School Night

A "Back To School Night" for the parents of students at Cecelia Snyder Junior High School, Bensalem Township, will be held Tuesday.

The night will be the theme of a meeting of the Bensalem Junior-Senior High School PTA, at 8 p.m. at the junior high school. Following a business meeting, "classes" will begin at 8:30 p.m.

Eight periods of 10 minutes each have been scheduled to permit parents to spend a typical "day" in school. Even a lunch period has been set aside to lend a note of reality to the theme as parents follow their child's schedule.

When "school" ends, parents will re-assemble in the multipurpose room where refreshments will be served under the direction of Mrs. Victor Meyer.

The PTA meeting on Dec. 8 will feature a discussion of the Bucks County Community College by Louis Bender, assistant superintendent of Bucks County Schools.

Emerson PTA To Hear Neal

John S. Neal, chairman of the Bucks County Historical-Tourist Commission, will speak on "Historic Bucks County" at Tuesday's meeting of the Ralph Waldo Emerson PTA. The meeting will be held at the school, 6501 Mill Creek Road, Bristol Township, at 8:15 p.m.

Copies of the commission's "Highways of History" brochure will be distributed and a business meeting will follow the talk.

Another highlight of the meeting will be the PTA's annual book fair which will continue through the week at the school.

Seagraves Ends Navy Training

Arthur F. Seagraves Jr., son of Mr. and Mrs. Arthur F. Seagraves, Sr., of 348 Jackson St., Bristol, recently graduated from nine weeks of recruit training, at the Naval Training Center, Great Lakes, Ill., while serving as clerk of his recruit company.

Why is there a strike at our Bristol Plant?

A number of people in the community have asked us why our plant is on strike. Here is the situation. On Thursday, October 29, 1,460 members of Local #88 United Glass and Ceramic Workers, AFL-CIO, employed at the Bristol plant of Rohm & Haas were called out on strike.

On October 30, a picket line was set up by the union that prevented practically all employees and all others from entering the plant premises.

On October 30, based on this interference, a restraining order was issued by the Pennsylvania Court of Common Pleas prohibiting strikers from interfering with or obstructing free access to the plant. This injunction is presently in effect.

During discussions in the three weeks before the contract ended, Rohm & Haas made substantial concessions. Despite this, no agreement was reached, because the demands of the union were felt to be so unreasonable and prohibitive that acceptance would make it impossible for the company to compete with other chemical companies and would endanger the jobs of all employees.

As of today, no further negotiations are in progress but we will be available whenever a meeting is scheduled.

What are the issues?

1. The Union demands an increase of 6% per hour immediately and at the end of 12 months an additional 3% for the balance of their proposed 18-month contract.

Despite the fact that Rohm & Haas is already paying wages that compare favorably with the chemical industry and the entire Delaware Valley area, the company did offer an 8¢ per hour increase.

2. The Union demands increased fringe benefits amounting to an additional 10¢ to 13¢ per hour.

Rohm & Haas is already providing fringe benefits of \$1.01 per hour as compared with the average of 76¢ per hour paid by the chemical and allied industries. The company has offered additional benefits amounting to over 3¢ per hour, making the fringe benefits in excess of \$1.04 per hour.

3. The Union demands that the seniority of all supervisors having job rights in the hourly ranks be frozen as of the expiration of the last contract.

This would prevent a supervisor who is demoted for any reason from using his full plant seniority to protect his job rights.

Rohm & Haas has consistently followed a policy of promoting hourly men to line foremen's positions in order to provide an opportunity for advancement for union members. The Union's demand would discourage the ambitious and competent employee from seeking to better himself and would unfairly penalize the men who are now serving as foremen. This same protection has always been extended to employees serving as full-time union officers and it is the company's intention to continue this two-way contract provision.

4. The Union made a great many other demands on the company. Among these was the elimination of the arbitration and "no-strike" clauses of the contract.

The company could not operate with such a contract since a strike could be called at any time and for any reason. Arbitration and "no-strike" clauses have been standard in Rohm & Haas and almost all other labor contracts. The absence of such provisions would result in industrial unrest and would obstruct any long-term planning and development. The Union finally offered to retract this demand under terms the company could not accept.

Summing up:

The average hourly rate at the Bristol plant before the strike began was \$2.98. In addition, workers received fringe benefits of \$1.01 per hour, 25¢ higher than the average for the chemical industry.

Last year, the Bristol hourly workers earned over \$10,000,000, most of which was spent or invested in the immediate community. Loss of this income would seriously damage the retail merchants and service companies and generally disrupt the economic position of the Bristol area. We are distressed that this situation in our plant has developed.

Rohm & Haas has always treated its workers fairly. This is the first work stoppage at our Bristol plant since 1950 and is only the second in this plant's 50-year history.

Of all the employees at our Bristol plant, 62 percent have worked together for 10 years or longer. Many of our workers have followed in the footsteps of their fathers and grandfathers in Rohm & Haas employment. We are proud of this record.

We feel that Rohm & Haas is a good place to work —our employees must too, because so many have worked with us for so many years. We feel there is no problem, however serious, that can't be settled to the satisfaction of all concerned through calm and reasonable discussion. We earnestly want every worker in our Bristol plant to be happy and secure—for a happy plant is a productive plant, and one that produces jobs. Rohm & Haas is ready

at any time to resume discussions on terms for a new contract when the union is prepared to sit down and discuss their demands on a practical basis.

For the good of all of us and the community as a whole, this strike should stop. We urge each worker and the Union officers to consider his own best interests and to do his part in bringing an end to this unnecessary strike.

W. B. McElhuen
Bristol Plant Manager

Ex-Mental Patient Battles Police, Shoots 4 Bystanders

PHILADELPHIA (UPI) — A man released from a mental hospital less than four months ago went berserk Thursday night, disarmed a policeman and shot four bystanders as he was chased by police.

Zebidie Simpson, 37, was overpowered after the police revolver he wielded ran out of bullets. He was treated at Temple University Hospital for head wounds suffered while battling with patrolmen.

Also treated at the hospital were James Gibson, 44; Thomas Crowther, 44; Horace Baxter, 53, and Walter Helinsky, 23, wounded by Simpson as he ran by them on North Broad Street. None was seriously injured, however.

Police said Highway Patrolmen Anthony Kane and Alonzo Moody spotted Simpson coming from a drug store with a red cloth masking his face. They halted him, searched him and found a penknife in his pocket. Kane dropped the knife and as he bent to retrieve it, Simpson suddenly attacked him, kicking and punching, and grabbed Kane's service pistol, authorities reported. Simpson fired one shot at Kane, missing him by inches, police said.

Gibson pulled his automobile to the curb to see what was going on. Simpson ran up to him, smashed the car window with the pistol butt and fired a bullet into Gibson's arm, it was reported.

The gunman then sprinted south with Moody in pursuit. Crowther was shot in the leg as he was getting out of his parked automobile. As Kane rejoined the chase, the fugitive ran into a service station and fired a shot at Baxter who was sitting in his auto waiting for it to be refueled. The shot grazed his chest. Helinsky, the station attendant, was shot in the leg.

The gunman fled again with the two patrolmen close behind. He turned, aimed at Moody and pulled the trigger twice. But he firing pin struck empty chambers. Moody pounced on the gunman and was joined by three other patrolmen summoned by a radio call.

Police said Simpson had a record of 10 arrests dating back to 1947 and that he had been released from the Philadelphia State Hospital at Byberry last July 22.

Maid Testifies In N.J. Divorce Trial

TRENTON (UPI)—A former maid for pharmaceutical heir J. Seward Johnson testified at his divorce trial Thursday she had seen Mrs. Johnson's male secretary in the bathroom of the couple's Princeton mansion while Mrs. Johnson was taking a bath.

Johnson has accused his attractive red-haired wife of adultery.

Mrs. Queenie Knowles, who worked for the Johnsons from March, 1962 to February, 1963 as a maid, testified that on other occasions she had found the secretary, identified as Walter Barnard, 28, in the bedroom when she served Mrs. Johnson breakfast in bed.

Mrs. Knowles also testified that during the entire time of her employment she had never seen Mrs. Johnson's husband who had separated from his 33-year-old German-born wife and taken up residence in a Newark hotel. She said the first time she saw Johnson was last February when he came to her home with two lawyers to take deposition for the trial.

Johnson, 35, son of the vice president and director of the Johnson & Johnson pharmaceutical firm, charges that his wife committed adultery with Barnard and another man who worked for her and lived in the Johnson home. She has denied the charges.

He accused his wife of locking him out of their bedroom in favor of Barnard after she allegedly suggested "it would be cozy" for three to share the master bedroom.

Johnson is seeking an annulment of their marriage on the grounds she never legally obtained a divorce from her first husband in 1948. Mrs. Johnson was twice remarried and divorced between her first marriage and her marriage to Johnson.

Johnson claims his wife never fulfilled the residency requirements before obtaining her 1948 New Mexico divorce.

In the alternative, Johnson has filed suit on the grounds of adultery. Mrs. Johnson has filed a companion suit.

The Johnsons' marital problems erupted into the headlines in February 1963 when private detectives staging a pre-dawn "evidence raid" were shot by Mrs. Johnson when they barged into her bedroom. Johnson had led the raid.

Two of the detectives were subsequently indicted on assault charges stemming from the shooting.

Mrs. Johnson is seeking a record \$900-a-week alimony, the sum awarded her by the court as temporary alimony pending the outcome of the trial. Her attorney said the amount was one of the largest sums ever awarded by a New Jersey court.

She said she needed the sum to assure her two sons an education and to allow her to complete a bibliography she is writing on whaling, a subject in which she claims to be expert.

1 Injured In 3-Car Crash

A Philadelphia woman, a passenger in a car operated by her husband, received minor injuries when the car was involved in a three-car chain collision this morning in Andalusia.

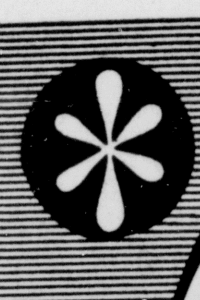

Injured was Joan L. Brous of 9301 Ashton Road who was riding in a car driven by her husband, Charles, when the accident occurred at 8:15 a.m. at Route 13 and Poquessing Ave.

Mrs. Brous was taken to Lower Bucks County Hospital by the Trevoese Heights Rescue Squad and was released after treatment.

Bensalem Township Police Lt. Norman Rigby and Officer Fred Chubb, investigating the accident, identified the other drivers as William Brighter of 3018 N. Lawrence St., Philadelphia, and Melvin Snyder of 425 Mill St., Bristol.

Damager to the Brous auto was estimated at \$700 and at \$400 to Snyder's car. Brighter's car was not damaged according to police.

William Struwe Resigns As L. Makefield Manager

Falconairs Have International Flavor

There's a distinct international flavor among the Falconairs, singing group at Pennsbury High School in Lower Makefield. The group has its own United Nations' representation. They are (from left) Judith Gamberton, who spent two years in Pakistan; Rigmor Lyssand, born in Norway; Tuuli Kaitainen,

student from Finland; Mrs. Carolyn Keller, director of the Falconairs; Vera Goncalves, student from Brazil; Gretchen Ramer, who spent the summer in the Philippine Islands as a Girl Scout representative. "Music is a universal language," commented Mrs. Keller.

2 Zone Code Variances OK'd

The Morrisville Zonini Board of Adjustment this week approved two requests for zoning code variances but turned down a third.

Alan Higdon Enters Navy

Alan B. Higdon, 20, son of Mr. and Mrs. Marion A. Higdon of 15 Noree N. Dr., Morrisville, has begun basic training at the Naval Training Center, Great Lakes, Ill.

The board approved a request by Anton Hahn of 108 W. Bridge St. to build on his property without the required 15-foot setback, but with an eight-foot setback.

A request by Mrs. Virginia Heydenreich of 46 E. Trenton Ave. was approved. She will use her basement as a business office.

But a request by Philip F. DeVito to operate a four-operator beauty salon at 69 W. Trenton Ave. was turned down. The single family house is located in a residential-A zoned area.

At Pennsbury High

Falconairs Find Universal Note

Falconairs at Pennsbury High School in Lower Makefield form a unique homeroom group that offers some competition to the United Nations.

Homeroom sections 11-2 and 12-22 could take attendance in several languages.

Two foreign students report there each morning: Vera Goncalves, American Field Service

scholarship winner from Brazil and Tuulikki Kaitainen, Rotary scholarship winner from Finland.

Neal Sarsfield, who assists Mrs. Caroline Keller, was born in Ireland and teaches German (and Russian) at Pennsbury High School. Rigmor Lyssand was born in Norway and came to America as a child. Gretchen Ramer in whose home Miss Goncalves lives, spent the summer in the Philippine Islands as a representative of the Girl Scouts. Judy Gamberton lived with her family in Pakistan for two years.

Mrs. Keller, choral director and homeroom teacher, says that even in this short time the students from overseas have adjusted well to their new surroundings. Part of this she attributes to the fact that the students in this homeroom are all members of Pennsbury High School's Falconairs singing group.

Possibly music is the "universal language," she said.

Falconairs Set Fall Schedule

Pennsbury High School's Falconairs are busy preparing for their fall schedule of singing engagements.

They include singing at assemblies at William Penn Junior High and Charles Boehm High School, Walt Disney and Fairless View Elementary Schools, the Yardley American Legion Auxiliary and the Oxford Valley Elementary School PTA.

Mrs. Caroline Keller announced that 16 members of the Falconairs will audition for District Chorus tryouts to be held at Woodrow Wilson High School on Saturday, Nov. 21.

They are Lynda Kessler, Carol Hamilton, Susan Herdman, Audrey Appenzeller, Rigmor Lyssand, Judy Gamberton, Jeanne Nahn, Valerie Skinner, Tom Scheffer, Chris Thornley, Joseph Angello, Peter Miller, Bruce Herdman, Walter Cox, Roger Scott and Wayne Williams.

Homecoming Set Tonight

Homecoming will be celebrated tonight at Morrisville High School's annual football game with Woodrow Wilson High School.

Graduates of the school will return to see the 1964 Bulldogs in action.

A special feature of the evening will be the official welcome of the guests of honor by Miss Morrisville of 1964, Carol Anderson of the class of 1965.

Carol and the members of her court, Linda Cappiello, Barbara Beadie, Mary Ann Frick and Sharon Widmann, will take part in the half-time ceremonies which will also feature the Morrisville High School band under the direction of Horace M. Hutchison.

Richard Byrnes Elected To Post

Richard Byrnes of 7 Richie Lane, Yardley, has been elected secretary of the St. Joseph's College freshman class. An alumnus of Pennsbury High School, Byrnes is taking the premed course at the college.

The freshman class at St. Joseph's numbers 470, the highest total since 1946 (post-war year) when a record 739 enrolled at the 54th and City Line campus.

Boro To Pick Up Fall Leaves

Special pick-ups of Fall leaves will be made on the three Wednesdays left in November, Robert H. Steward, Morrisville borough manager announced.

He noted that the leaves will not be picked up by the regular garbage collectors but only by special borough trucks.

He said the leaves must be put in a suitable container, such as a box, and must be placed at the curb by 8 a.m.

Steward asked for all residents' cooperation in raking the leaves and placing them in a box at the curb-side. He asked them not to rake them into the gutter and possibly stop it up.

(Continued from Page 1)

"as soon as we can find a suitable man."

In the interim, Mackensen stated the three supervisors will fill in his capacity. To dispel any rumors, Mackensen stated no member of the board was interested in the post full-time.

The Lower Makefield manager's post has a starting salary of \$7,500.

Struwe said this morning he will become executive officer of Moorestown in Burlington County, N.J. It's basically the same type job as township manager, he said. He would not disclose his new salary but said it was "a substantial increase."

To Live On Here

Struwe has been Makefield manager for seven years, having come to the Bucks County community in January, 1957. Struwe said he will continue to live in Levittown for the time being, since his new job is within commuting distance.

In his letter of resignation, Struwe said he wrote that "this was an opportunity I couldn't afford to turn down." He said his resignation has nothing to do with recent events and had been in the works since September.

There had been unfounded rumors, which the supervisors have denied, that Lower Makefield might disperse with the township manager form of government.

Master's Degree

A native of Buffalo, N.Y., Struwe graduated from Holland Central High School, near Buffalo, and did his undergraduate work at Albion College in Michigan. He obtained an A.B. in political science.

Struwe went on to obtain his master's degree in governmental administration from the Fels Institute of Local Government at the University of Pennsylvania in 1952.

Before becoming Lower Makefield manager, Struwe formerly had been manager of Dormont, Pa., a borough near Pittsburgh. He was there two years and before that was assistant manager at Mt. Lebanon, Pa.

Struwe, 35, is married to the former Miriam Leedom of Philadelphia. They have five children, ranging in ages from 5 to 11 years.

New Library Club At Quarry School

Mrs. Emma Morley (standing), librarian at the Quarry Hill Elementary School, Lower Makefield, confers with members of the newly-formed library club at the school. They are (from left) Betsy Best, Chris Leng, Marleen Grusler and Cindy Stanford. Club

members will learn over-all library operations including shelving books, file-card system, bulletin board activity and visual aids. Some 275 books circulate daily in the library. (Courier-Times Photo)

68-Unit Apt. Project Set For Morrisville

Construction of a 68-unit garden court apartment project has been started by the Somar Corp., builders of suburban garden-type apartments.

The new project, Canal House on-the-Delaware, is located at E. Maple Ave. on the edge of the canal, with a panoramic

view of the canal, the Delaware River and the new Trenton skyline. It is near the Morrisville Shopping Center.

The project will cover two-and-one-half acres, interspersed with large shade trees, and with private off-street parking.

Apartments will feature 16-foot outdoor dining terraces accessible from the kitchen and living room, individually controlled heating and air conditioning, and an extra powder room in all two bedroom apartments.

All top floor apartments will have cathedral ceilings. The 68 apartments will be divided into 32 two-bedrooms, 31 one-bedrooms, and five studio apartments.

According to Solis D. Kopeck, architect for the project, "Living at the Canal House on-the-Delaware will be like living on a luxury liner with all the conveniences of accessibility to any area."

Advance rentals are now being accepted by the R. C. Reinhold Co., 333 W. State St., Trenton, where plans may be inspected. With reasonably good weather, the builder estimates a sample apartment will be ready by Jan. 15.

Dick Sultzbach Is Band Member

Richard Alan Sultzbach, son of Mr. and Mrs. Richard Sultzbach of 729 S. Pennsylvania Ave., Morrisville, and a student at Maryville College, Maryville, Tennessee, is a member of the Highlander marching band.

The 75-member band, under the direction of John A. Roberts, dresses in traditional Scots uniforms and kilts. It performs at football games and gives two formal concerts each year.

Maryville, a four-year coeducational college of the liberal arts and sciences, is situated in East Tennessee in the foothills of the Great Smoky Mountains.

Peter Johnson Tapped By Unit

Peter Johnson, son of Mr. and Mrs. Roger H. Johnson of 272 Osborne Ave., Morrisville, was among 10 students tapped recently for membership in Pi Gamma Mu chapter, national social science honorary society at Susquehanna University.

Peter is a junior at the school in Selingsgrove. To qualify, students must be juniors or seniors and have a "B" average in social science courses. Student members are elected by faculty members of the chapter. They will be inducted at the chapter meeting next Thursday.

Bucks Seeks Feed Assist

Lack of rainfall in Bucks County has caused William H. Yerkes Jr., chairman of the Bucks County Agricultural, Stabilization and Conservation Committee, to make application for a livestock feed program.

Yerkes, Buckingham Township farmer and vegetable grower, said Upper Bucks County had less than one inch of rain between May 1 and Sept. 1.

"This year, following two years of drought, has placed farmers in a condition of financial stress," he said.

"Under severe drought conditions, the Secretary of Agriculture is authorized by law to make available Commodity Credit Corporation owned feed grains to eligible farmers in affected areas at specified rates of payment.

"The help is for assistance in preserving and maintaining foundation herds of cattle, including producing dairy cattle. Sheep and goats, the grains may be made available at not less than 75 per cent of the feed grain support price."

"If the program is approved for the county, applications for the feed grain will be accepted and processed by the Bucks County ASCS Office, Odd Fellows Building, Main and State Sts., Doylestown," Yerkes said.

Hold Hope For Victim's Sight

Doctors at Philadelphia's Wills Eye Hospital expressed hope today they could save the sight of a Falls Township man who was struck in the right eye Wednesday by a shotgun pellet. X-rays revealed possible fragments behind the eye ball, but abrasions to the cornea are clearing up.

The injured man is Arthur Moreton, 45, of Wheatshar Lane, RD 1, Morrisville, who was struck while hunting in fields near his home.

A hospital spokesman said today, "Doctors are encouraged by his progress. There is a good possibility his sight will be saved."
